The IEEE/OSA Journal of Lightwave Technology presents a forum for authors to publish expanded papers in a Special Issue on the 25th International Conference on OPTICAL FIBRE SENSORS. The Chairs of the conference serve as Guest Editors in this endeavor.

On behalf of the Guest Editors and the Editor-in-Chief, we encourage you to submit an expanded version of your accepted conference paper to the journal. Typically, these papers are 5 to 7 pages in length. Mandatory page charges of $260USD per page are enforced in excess of 7 pages. This paper would appear in an upcoming JLT special issue titled "OFS 25." Normally, a large number of invitees take advantage of the opportunity. Based on this, we hope you will be able to submit such a paper. Tutorial review papers will be invited individually. Tutorial review papers can range up to 16 pages in length. Target 2018 Jan/Feb issue with accepted papers posted online within 1 week of author final file upload.
